STATEMENT OF VIESGO DISTRIBUCIÓN ELÉCTRICA, S.L.U. FOR THE FINANCIAL YEAR
ENDED ON 31 DECEMBER 2021**

To the Sole Member of VIESGO DISTRIBUCIÓN ELÉCTRICA, S.L.U.:

In accordance with article 49 of the Spanish Commercial Code, we have verified, within a limited assurance scope, the attached Partial Non-Financial Information Statement (hereinafter, partial NFIS) of VIESGO DISTRIBUCIÓN ELÉCTRICA, S.L.U. (hereinafter, the Company) corresponding to the financial year ended on 31 December 2021, the information of which is included in a separate report from the consolidated management report of the EDP GROUP, the parent company of which is EDP ENERGÍAS DE PORTUGAL, S.A.

As stated in its management report, the Company has invoked the exemption provided by article 49.6 of the Spanish Commercial Code on the grounds that part of its non-financial information is included in the Annual Report of the EDP GROUP, based in Portugal, the parent company of which is EDP ENERGÍAS DE PORTUGAL, S.A., and to which it belongs. In order to meet the current commercial obligations regarding non-financial information reporting, the Company has prepared the NFIS containing partial information, which is recorded as an appendix titled '2021 Partial Non-Financial Information' to its management report, and which includes, according to the analysis conducted by the Company, the supplementary information required by article 49.6 of the Spanish Commercial Code compared to the information required by articles 19. Bis 1 and 29. Bis 1 of Directive 2014/95/EU. Our work has been exclusively limited to the verification, based on the mentioned analysis of contents, of the information identified in the 'GRI Chart' included in the attached NFIS; we have not conducted any verification procedure whatsoever on the information included in the Annual Report of the EDP Group.

Responsibility of the Board of Directors

The Board of Directors of the Company is responsible for the preparation of the partial NFIS included as an appendix titled '2021 Partial Non-Financial Information' to its management report, as well as the content thereof. The partial NFIS has been prepared pursuant to the provisions contained in the current commercial regulation and in accordance with the criteria of the selected Global Reporting Initiative Standards (GRI Standards) for Sustainability Reporting, and according to what is mentioned for each matter in the 'GRI Chart' included therein.

This responsibility also includes designing, implementing and maintaining the internal control deemed necessary to make sure that the partial NFIS is free from any material misstatement, due to fraud or error.

The Board of Directors of the Company is also responsible for defining, implementing, adjusting and maintaining the management systems from which the information required for the preparation of the partial NFIS is obtained.

Our independence and quality control

We have met the independence requirements and other ethical requirements contained in the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants (IESBA), which is based on the fundamental principles of integrity, objectivity, professional competence, diligence, confidentiality and professionalism.

Our firm applies the International Standard on Quality Control 1 (ISQC 1) and consequently maintains a global quality control system that includes policies and documented procedures related to the compliance with ethical requirements, professional standards and legal and regulatory provisions that may apply.

The team has been made up of professionals specialised in non-financial information reviews and, specifically, in economic and social performance information.

In a limited assurance engagement, the procedures that are carried out vary in nature and timing, and they have a shorter length than those conducted in a reasonable assurance engagement; thus, the assurance provided is also lower.

Our work has consisted in interviewing the Management and the various responsible units and areas of the Company that have participated in the preparation of the partial NFIS, reviewing the processes to gather and validate the information presented in the partial NFIS, and implementing certain analytical procedures and sampling tests that are described below:

In order to meet the current commercial obligations on non-financial reporting matters, the Company has prepared this Non-Financial Statement containing partial information that includes, according to the analysis conducted by the Company, the additional information required by article 49.6 of the Commercial Code, as compared to the one required by articles 19. Thus, the management of stakeholders is conducted in accordance with the Stakeholder Relationship Policy of the EDP Group.

The four major guiding commitments of the Policy are: to understand, to communicate, to trust and to collaborate. The bases of the Relationship Policy are:
